# Customer Journey Map

| | |
|---|---|
| **Date** | 30 September 2026 |
| **Team ID** | SWTID-2026-3818 |
| **Project Name** | Auto_Ticket_Classification_Using_Flow_Diagram |
| **Maximum Marks** | 2 Marks |

The journey map shows the user's experience stage by stage while raising and tracking a support ticket in the proposed system.

| Phase of Journey | Stage 1: Raise Ticket | Stage 2: Auto Classification | Stage 3: Routing & Assignment | Stage 4: Resolution | Stage 5: Feedback & Closure |
|---|---|---|---|---|---|
| **Actions What does the customer do?** | • Opens the web page<br>• Types the issue in the ticket form<br>• Clicks Submit | • Waits a few seconds<br>• Views predicted category, priority and confidence | • Views the flow diagram of the ticket<br>• Sees the team name assigned | • Follows the ticket status<br>• Replies to agent questions if any | • Confirms the issue is fixed<br>• Rates the experience |
| **Touchpoint What part of the service do they interact with?** | • Ticket form (web UI) | • Result page | • Flow diagram page<br>• Notification message | • Ticket status page<br>• Agent messages | • Feedback form |
| **Customer Thought What is the customer thinking?** | • "Will this be understood correctly?" | • "That was fast. Is the category right?" | • "Good, I can see who has my ticket." | • "When will it be fixed?" | • "The process was clear." |
| **Customer Feeling What is the customer feeling?** | Hopeful / uncertain | Surprised / pleased | Reassured | Patient / slightly anxious | Satisfied |
| **Process Ownership Who is in the lead on this?** | User | ML model (system) | Routing engine + support team | Support agent | User + admin |
| **Opportunities How can we improve this stage?** | • Suggest example descriptions<br>• Allow attachments in future | • Show top-3 predicted categories<br>• Ask for more detail if confidence is low | • Add email / SMS alerts<br>• Show estimated response time | • Add live status timeline<br>• Auto-escalate delayed tickets | • Use feedback to retrain the model<br>• Show satisfaction trends to admin |
